

2nd Multipartite Review Meeting for the Pacific Adaptation Climate Change Project

8-12 August 2011, Port Vila, Vanuatu

The objectives of the MPR are as follows:

- Discuss the 2010 Annual Project Report (APR) of the Regional Project Management Unit;
- Review the PACC progress and discuss policy, technical and operational issues and recommendations for the decision of the MPR participants;
- Share experience and lessons learnt for the policy and demo implementation processes across countries and with regional partners.
- Review and appoint new members to the PACC Project Board and hold its first meeting for 2011-2012; and
- Revisit and reaffirm partnership and support processes. Discuss on the implementation of the additional funds provided by AusAid (PACC+ Partnership)
- Provide technical training on adaptation implementation and knowledge management to PACC Coordinators and project staff.
- Identify topics that need further economic work in the area of climate change adaptation.

2011
